It's Christmas Time!

Join the dots and colour.

What can you see?

Let's colour!

1 = (green)

2 = (yellow)

3 = (black)

4 = (red)
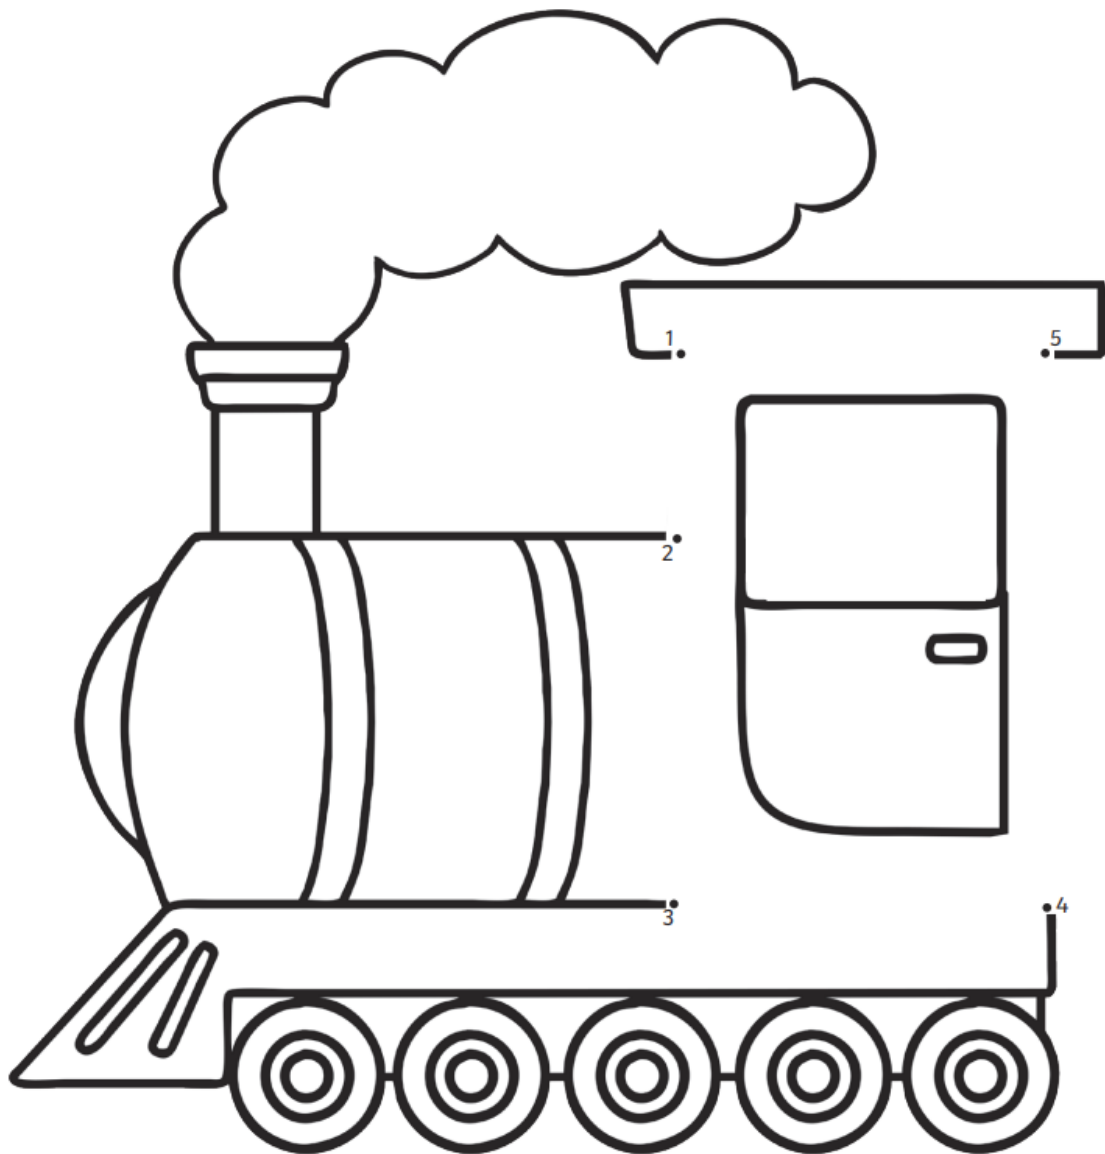

5 = skin tone of choice

Sharks celebrate Christmas too... Sing this song with your family!

Timmy's Christmas

Watch!!

Let's make this craft!

Paper Plate Christmas Tree Decoration

You will need:

- A paper plate
- Green paint
- Colourful card or paper
- Craft decorations
- (Optional) Ribbon

1) First, split the paper plate into quarters. Fold your paper plate in half. Now fold that half in half. Press down the fold lines, to leave a line you can cut along next. Unfold to see your four quarters.

2) Now cut along the fold lines you created. Be careful when using scissors, and ask for adult help if needed.

3) Take three of the quarters and paint them green. After painting, leave to dry.

4) Once dried, take your three quarters and place them into a Christmas tree shape. The section at the bottom of the tree should be under the middle section. The middle section should be under the top section.

5) Now, use your coloured paper or any crafty bits and pieces to add decoration to your Christmas tree. Add a star and a tree stump to the top and bottom of your Christmas tree decoration.

6) Finally, if you would like to hang your Christmas tree decoration, add a loop of ribbon to the top of the Christmas tree.

Merry Christmas!!!
